

SUBSTANCE ABUSE TREATMENT

Peak Wellness Center offers proven treatment for substance abuse, based on the latest research and more than 50 years of experience helping people recover from addictions. The comprehensive services available through our private, non-profit clinics include residential and outpatient treatment options, long-term aftercare and special support for families.

WHAT YOU CAN EXPECT

Our compassionate team treats the physical, mental, emotional, spiritual and behavioral aspects of addiction and substance abuse. Together, we will develop a recovery plan for your unique circumstances.

AFFORDABLE FOR EVERYONE

Our sliding fee scale ensures everyone in need in our community has access to excellent substance abuse treatment and recovery services at Peak. We also accept Medicare, Medicaid and most insurance.

GETTING STARTED IS EASY

It's as simple as giving us a call. We'll come up with a treatment plan that's realistic and achievable, a plan that sets you up for long-term success.

Yes, recovery is hard. Yes, you can do it. Yes, we will help you every step of the way.

SUBSTANCE ABUSE TREATMENT

Counseling

We provide Intensive Outpatient Programs (IOPs) and group counseling during treatment and recovery, helping you build knowledge and learn practical skills for recovery, healthier relationships and a happier life!

Non-medical detoxification services

If needed before clients continue with recommended treatment, in the safe, serene environment of our clinic, specially trained staff can provide 24-hour monitoring and support during physical detoxification.

Case management

Our team proactively coordinates your care, arranges support for day-to-day living, provides backup in crisis situations and guides your family through the process.

Residential Support

Peak offers various levels of residential support for men, women with their young children, and veterans in our substance abuse treatment programs

Psychiatric care

Our psychiatrists can prescribe medication to help you recover. They also diagnose and treat mental health problems that may accompany or contribute to substance abuse.

Support groups

Led by experienced therapists, recovery support groups integrated with our residential and outpatient treatment programs provide a confidential place to talk with people going through similar things while developing important skills for successful long-term recovery.

Support for families

We support your entire family, offering education about substance abuse treatment, individual and family counseling, special programs for kids, referrals to useful community resources and more.

myStrength

This free online tool for our clients, helps people significantly improve symptoms of stress, anxiety and depression.

Suicide Prevention: If you or a friend needs immediate help, please call 911 or the National Suicide Prevention Lifeline at 1-800-273-TALK (8255).
